MAGIQ Performance Cloud Budgeting Solution

www.magiqsoftware.com

MAGIQ Performance Cloud is designed to help Councils improve their budget management by providing a comprehensive solution that simplifies data collection, analysis, and reporting to deliver comprehensive opex, capital, labour budgeting, and financial planning outcomes.

More than 30 Victorian Local Government organisations are using MAGIQ Performance to store their financial data, streamline their budgeting procedure, and boost auditability in a controlled and auditable environment.

On top of that, MAGIQ Performance is ERP-agnostic, meaning that customers can extract financial data from a wide range of ERP solutions. Today, we deliver MAGIQ Performance across:

- TechnologyOne
- Civica
- IT Vision
- Open Office
- Datacom
- Oracle Cloud
- SAP
- Dynamics Business Central
- Chris 21

Most recently, MAGIQ Software has established collaborative partnerships with several councils, each of which has either already implemented cloud-based solutions or is currently in the process of doing so. These partnerships encompass a diverse range of ERPs that we are seamlessly integrating into their operations, and they include:

Microsoft Business Central: Northern Grampians Shire Council, Southern Grampians Shire Council.

Oracle Cloud: Whitehorse City Council.

Technology One: Tweed Shire Council, Wingecaribee Shire Council.

Civica Authority Altitude: Berrigan Shire Council, Lismore City Council, Mildura Rural City Council, Moira Shire Council, Nambucca Valley Council, and Walgett Shire Council.

If you're interested in learning more about MAGIQ Performance Cloud or its integration with ERP systems, please contact us at sales@magiqsoftware.com or visit our stand.
