### LGV Council Finances Workshops 2020

For the past five years, Local Government Victoria has run an annual series of regional workshops to assist council finance staff in applying the Model Budget and Model Accounts, and communicate key changes. These sessions have also provided a forum for discussion of topical issues relating to council finances.

This year LGV have scheduled a series of six virtual workshops (one per Department of Environment, Land, Water and Planning region) to be conducted on 11 and 12 June. Each workshop will cover key changes to the Model Budget and Model Accounts along with other aspects to consider in the current council planning and reporting cycles.

Registrations are now open and council finance staff with responsibility for preparing the financial statements in the Annual Budget or Annual Report are encouraged to register one of the following sessions:

- Barwon South West, Thursday 11 June, 1 pm to 2:30 pm
- Grampians, Thursday 11 June, 3 pm to 4:30 pm
- Port Phillip, Friday 12 June, 9 am to 10:30 am
- Hume, Friday 12 June, 11 am to 12:30 pm
- Gippsland, Friday 12 June, 1 pm to 2:30 pm
- Loddon Mallee, Friday 12 June, 3 pm to 4:30 pm

### FinPro's advocacy in relation to the LGA Implementation

FinPro has distributed a range of information relating to the implementation of the Local Government Act 2020 – all this information is available on the FinPro Website [Resource Library](#).

To assist your understanding and ensure compliance for Councils, it is really important that you review the information provided. There are a number of requirements that need to be in place prior to 1 September 2020.

Once you have reviewed the information, we are really keen to hear from members who are willing to assist us with our feedback to LGV and the Project Control Board.

If you have a question or comment about any of the sections we have listed below, can you please complete the applicable form via these links. Feedback is required by COB Tuesday 9 June 2020 to allow us to get the feedback to LGV so it can be considered. It will also allow us review your feedback and see how FinPro will be able to assist you, our members.

### Cash flow boost for councils with turnover of <\$50M

Councils with an aggregated turnover of <\$50m may be eligible for the cash flow boost which is being administered through the ATO. The cash flow boost should automatically be credited to your ATO account when you lodge your activity statement however it seems Councils may need to phone the ATO to confirm their eligibility. Please follow the [link](#) for full details and contact details.

## Victoria Electoral Commission

A feedback item raised some time ago by members were costs passed on from the Victorian Electoral Commission (VEC) for the upcoming elections. Thank you to those who completed FinPro's survey on this point earlier this year. There has also been more recent communication from the VEC to Councils that they are again reviewing their processes, structures and costs to comply with COVID (whatever that may look like) – including updates for postal arrangements. On that basis, FinPro has collated some of the previous data and have now written to the VEC, seeking continued engagement with the sector about where costs can be reduced and/or efficiencies made.

A copy of that letter follows:

---

Mr Warwick Gately AM  
 Electoral Commissioner

Dear Mr Gately,

We are writing on behalf of the members of Local Government Finance Professionals Inc (FinPro), the peak body representing Finance Professionals in Victorian Local Government.

Thank you for the work the VEC does for the sector to deliver elections of representatives for Local Government. We understand the principle of on-charging reasonable costs for elections, and support that. We also understand that operating frameworks may need to change due to COVID.

I note the recent communication to Councils, which flagged further VEC planning to progress elections in 2020. The letter includes details about likely changes to the operating model for the elections, including a move to postal voting for all Councils.

Local Government financial professionals had some significant concerns originally about the increase in costs (pre-COVID) flagged for the upcoming elections. As you will be aware, Local Government revenues are restricted to a cap linked to CPI. As an example, this was 2.5% per annum in 2019/2020 and will be 2% in 2020/2021.

The increases between 2016 and 2020 election costs are significantly higher than CPI – and place pressure on the sector's ability to provide other services.

FinPro undertook a brief survey of members, and some summary results are included below. Of concern more broadly is that the highest increases in costs appeared to be for small shires – usually those with the least capacity to pay.

	TOTAL	Small Shire	Large Shire	Regional City	Interface	Metropolitan
Number of Respondents	48	13	11	7	1	16
2016 Actual	\$14,843,265	\$1,235,409	\$1,841,632	\$ 1,941,915	\$629,532	\$ 9,194,777
2020 Proposed	\$18,685,485	\$1,606,765	\$2,226,503	\$ 2,350,302	\$692,680	\$11,809,235
\$ Increase	\$ 3,842,220	\$ 371,356	\$ 384,871	\$ 408,387	\$ 63,148	\$ 2,614,458
% Increase - Average	25.9%	30.1%	20.9%	21.0%	10.0%	28.4%
\$ Increase - Average	\$ 80,046	\$ 28,566	\$ 34,988	\$ 58,341	\$ 63,148	\$ 163,404

Overall costs rose by more than 25% - significantly higher than CPI over the same period. Obviously, all additional costs above CPI for the sector reduce the ability of the sector to provide services in respective local government areas.

Further, some member Councils have expressed concern that fines related to compulsory voting may be administered differently due to the changes to processes. Revenue from fines has in the past softened the impact of election costs for Councils.

We encourage continued engagement with the sector on opportunities – and hope that where possible efficiencies can be identified.

We would be willing to discuss our concerns with yourself or a representative.

### **Media Update Thursday 4 June from the Minister for Local Government**

The following media release was distributed on Thursday 4 June 2020.

#### **Local Projects for our fastest growing Communities**

The Victorian Government is boosting funding for new and improved community facilities across Victoria's fastest growing suburbs – creating jobs and supporting local businesses as we rebuild from the coronavirus crisis.

Minister for Local Government Adem Somyurek today announced a major expansion of the *Growing Suburbs Fund*, with an extra \$25 million to bring forward delivery of new facilities and upgrades that improve communities and their access to vital services.

The Fund will also be extended for the first time, to include six peri-urban councils experiencing strong population growth, ensuring projects are being delivered where they are needed most.

The councils that will now have access to the Fund are Baw Baw, Golden Plains, Macedon Ranges, Moorabool, Bass Coast and Surf Coast. Previously the Fund was only available to Melbourne's 10 interface councils.

The expansion of the Fund will drive jobs and investment in more communities across outer Melbourne and inner regional areas hit hard by restrictions put in place to slow the spread of coronavirus and save lives.

It complements the Victorian \$2.7 billion *Building Works Package*, which includes over \$278 million in shovel-ready infrastructure projects across the state to be delivered through councils.

Since its establishment in 2015, the Growing Suburbs Fund has facilitated \$665.7 million in local facilities, created more than 6,750 jobs created and supported 193 projects.

The Minister also announced \$3.8 million to improve the quality of their Information Communications Technology (ICT) infrastructure for Victoria's 38 rural councils many of which have limited resources for remote working.

Each rural council will receive \$100,000 to enhance and improve ICT facilities to engage, consult and support their local communities.

Councils are encouraged to apply for the Growing Suburbs Fund at: <https://www.localgovernment.vic.gov.au>
